YOUR MARK FOR A SAFE
INTERNATIONAL BUSINESS JOURNEY

About Cyprus

Cyprus has chosen not only to fully adjust but also to lead the way to the modern international business world. To do that it is taking advantage of the plethora of its existing advantages, such as...

- its business-friendly legal and tax regimes
- its EU Membership
- the well-educated and experienced workforce
- its strategic geographical position
- the very high standard of living

Cyprus offers a plethora of reasons why foreign investors and businessmen should not only invest in the country or simply add it on the diagram of their international business structures, but also to relocate to the island and transfer their business activities there. By doing so, not only will they be in line with the new status quo but they will also meet other important objectives, such as good returns on investments, ease and cost-efficiency in doing business and having the lifestyle of their choice.

About Us

Seamark Consultants Ltd was established in 2004 as Fiducenter (Cyprus) Ltd, a name which has been using up until January 2019. We provide a comprehensive range of international business services, including professional consultation, advisory services on specific transactions, formation of investment funds, companies, trusts and other investment and business vehicles, bespoke services related to specific sectors and structures and much more. You can find more on the services we offer under the relevant section below.

We are owner-managed, something which ensures that extra touch required for establishing a personal approach in creating and maintaining relationships with clients, associates and also internally within the firm. Our strength lies in the complementarity of our accountants, tax advisors, legal experts, corporate administrators and other contributors, who co-ordinate their efforts to provide our clients with the best advice and services for the fruitful accomplishment of their targets, whether these relate to the setting-up and running of an entity, restructuring of their operations, establishment of presence in a new country, legal, tax or other advice on a specific transaction, etc.

Our Mission

To help our clients achieve their objectives by creating long-lasting relationships based upon trust, respect, integrity and proactivity.

To continue the tradition and safeguard the solid reputation we have created over the years through:

- offering personalised, professional and efficient service;
- at high quality standards; &
- competitive prices;

To always be in search of new services and solutions for our clients as well as new working practices and methods in order to ensure our service standards are always at the highest levels.

Our Services

Our most important lines of service are briefly presented below.

For the full list as well as more details on our services, please refer to our website.

Setting up Presence in Cyprus

Cyprus offers a plethora of reasons why foreign investors and businessmen should not only invest in the country or simply add it on the diagram of their international business structures, but also to relocate to the country and transfer their business activities there.

- Assistance with the set-up of the proper corporate vehicle
- Sourcing and appointing officers (directors and company secretary) as well as registered office
- Shareholder representation – if needed
- Locating suitable premises and assistance with bringing them in to a fully operational condition, in terms of furniture and equipment, utilities, etc
- Identifying adequately qualified and experienced personnel based on job description and other requirements to be provided/defined
- Set-up and management of e-mail address(es)
- Website creation and administration

Becoming a Citizen or Resident of Cyprus

As part of its effort to attract foreign high net worth individuals as well as to attract qualified individuals to relocate and work in the country, either on their own or as part of a group structuring/reorganisation, Cyprus offers some very attractive incentives.

- Assistance with identification and securing of suitable and qualifying (if applicable) immovable property
- Services in relation to residence permits/citizenships - Draft and submit the required documents (e.g. citizenship applications, applications for immigration permits, permanent residence permits, employment permits, visas, etc.)
- Monitoring the status of the applications and following up with applicants
- Services in relations to qualification (initial and on-going) with specific tax regimes applicable to qualifying migrants
- Other administrative and support services (i.e. utility connections, insurance covers, maintenance, educational matters)
- Running a pre-clearance check with relevant authorities

Family Office

For those families with extensive and often disparate business and personal interests, which are looking for a bespoke, personal, professional service, the Family Office facility takes over considerable time and concern involved in dealing with the family's affairs so that the key family members can focus on value-generating activities.

Our contribution assists in doing this without the cost and hassle of establishing, staffing and running an office by offering co-ordination of financial planning, succession planning, asset protection, investment administration, and any other service related to a family's diverse assets and interests, from a dedicated single point of contact.

- Bespoke, personal, professional service, in dealing with the family's affairs including financial planning, succession planning, asset protection, investment administration, and any other service related to a family's diverse assets and interests
- Structuring and management of the family's assets – Estate Planning and Administration
- "Concierge" services, including payment of monthly bills, arranging travel and personal security, looking after children's schooling
- Recruitment services
- Arranging education and training for next generation on issues such as wealth management, risk management, personal security, etc.
- Sourcing, evaluating and following philanthropic activities

Support Services

- Corporate and Secretarial
- Accounting and Tax Compliance
- Banking Administration
- Trusts
- Payroll

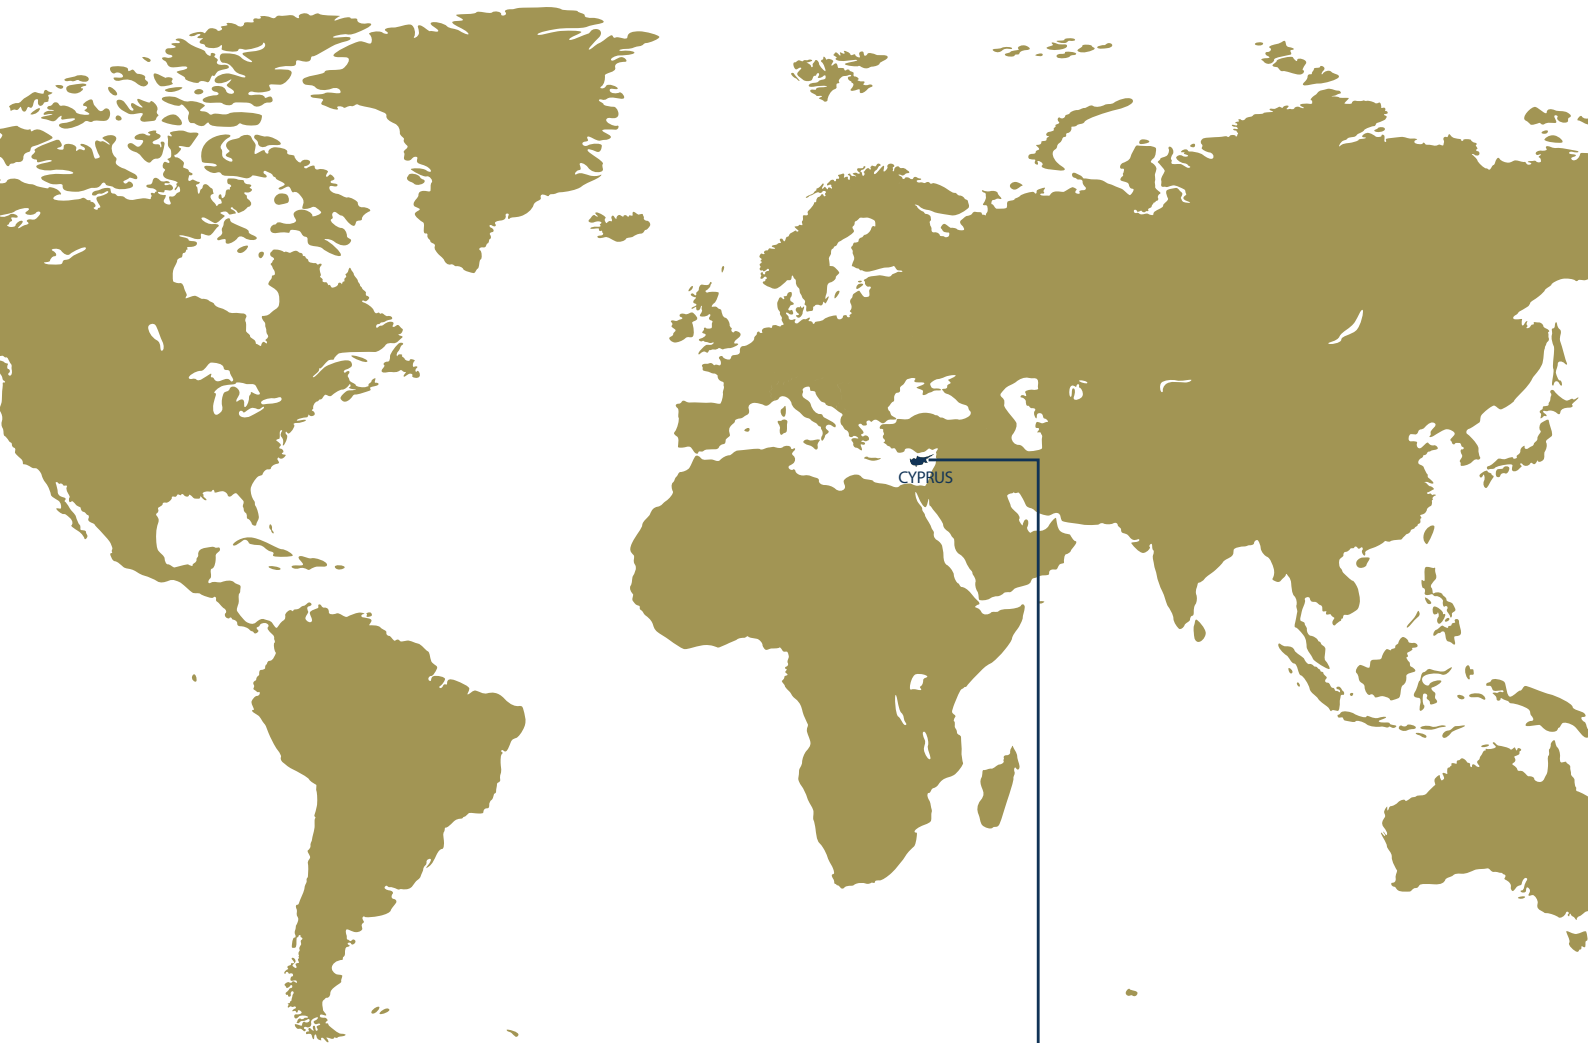

Other Services

- Private Equity
- Strategic Operations
- Investment Funds/Investment Firms
- Advisory

Why should a client select to work with Seamark?

- Because we act with integrity, professionalism and trust.
- Because we focus on what we do best and we have no hesitation in speaking out when a client asks for services beyond our competencies.
- Because our successful presence for many years are testament of our knowledge of the business.
- Because as an independent company, all our shareholders are actively involved in the business, giving the extra attention, personal approach and leading by example, that distinguishes us from the rest.
- Because we have one of the first firms to be licensed once the sector became regulated in Cyprus.
- Because our policies are designed and implemented always with our clients' needs in mind in order to offer the best possible service.
- Because we aspire to be successful not only financially but also in meeting our social and environmental responsibilities.
- Because we never compromise our philosophy and principles.
